- For CISM majors, this plan must be followed exactly and it will have you graduating a semester early. If you would like to not take 6 hours in the summer and only take 3, in addition, to only taking 15 hours in your last two semesters, then you can push those back to last summer or fall term. CISM is a sequence based major and starting with CISM 2201, you must follow the plan exactly to graduate early and/or on time.
