

# Finish on Time.

**Students who complete 15 credits per semester spend less money to earn their degree.**

**Students who complete 15 credits in their first semester and 30 credits in their first year are more likely to complete their degree.**

**The faster you complete your college degree, the faster you can increase your income.**

## If you want to finish your degree on time, you need to take 15 credits a semester.

**Save time. Save money. Graduate on Time. Take 15 to Finish.**

**Save time. Save money. Graduate on Time. Take 15 to Finish.**

Fall and Spring semesters offer the most course variety to help ensure that you get the courses you need. If you can't take 15 credit hours during one of the semesters, plan on making up the courses during the summer to stay on track to finish on time (but summer courses will slightly increase the cost of your degree).

**Enroll in 15 credits during the Fall and Spring semesters.**

» Associate degrees should be completed in 2 years  
» Bachelor's degrees should be completed in 4 years

**Meet with your academic advisor to create your personalized program map.**

It's important to take 15 credits a semester, but to ensure on-time degree completion they must be the right credits and courses.

Use campus resources to stay on track.

**Know how long your degree should take:**
